

Suggested Elective Courses for Clinical Nutrition Students

Course	Department	Title
AMS 055	American Studies	Food in American Culture
ANS 126	Animal Science	Equine Nutrition
ANT 032	Anthropology	Drugs, Science & Culture
BIT 171	Biotechnology	Professionalism and Ethics in Genomics and Biotechnology
CHA 101	Cell Biology and Human Anatomy	Human Gross Anatomy
CHA 101L	Cell Biology and Human Anatomy	Human Gross Anatomy (Laboratory)
CHI 040	Chicana(o) Studies	Comparative Health: Top Leading Causes of Death
CRD 173	Community & Regional Development	The Continuing Learner
ECN 132	Economics	Health Economics
ENL 164	English	Writing Science
EPP 101	Epidemiology and Preventive Medicine	Perspectives in Community Health
EPP 160	Epidemiology and Preventive Medicine	General Health Education and Prevention
EPP 161	Epidemiology and Preventive Medicine	Campus Alcohol/Drug Abuse Prevention Program Peer Educator Training
EPP 162	Epidemiology and Preventive Medicine	Health Advocates Peer Educator Training
EPP 175W	Epidemiology and Preventive Medicine	Health Policy and Health Politics
EPP 188	Epidemiology and Preventive Medicine	Economics of Preventive Medicine
EPP 190C	Epidemiology and Preventive Medicine	Research Conference in Community and International Health
ESP 010	Environmental Science & Policy	Current Issues in the Environment
ETX 010	Environmental Toxicology	Introduction to Environmental Toxicology
ETX 101	Environmental Toxicology	Principles of Environmental Toxicology
ETX 103	Environmental Toxicology	Biological Effects of Toxicants
ETX 128	Environmental Toxicology	Food Toxicology
ETX 135	Environmental Toxicology	Health Risk Assessment of Toxicants
ETX 146	Environmental Toxicology	Exposure and Dose Assessment
EXB 010	Exercise Biology	Exercise and Fitness: Principles and Practice
EXB 101	Exercise Biology	Exercise Physiology
EXB 110	Exercise Biology	Exercise Metabolism
EXB 112	Exercise Biology	Clinical Exercise Physiology
EXB 116	Exercise Biology	Nutrition for Physically Active Persons
EXB 117	Exercise Biology	Exercise and Aging in Health and Disease
EXB 122	Exercise Biology	Psychological Effects of Physical Activity
FAP 195	Family and Community Medicine	Health Care to Underserved Populations
FRS 001	Freshman Seminar Program	Special Topics: Topics of Interest, Vary by the Quarter
FRS 002	Freshman Seminar Program	Special Topics: Topics of Interest, Vary by the Quarter
FRS 003	Freshman Seminar Program	Special Topics: Topics of Interest, Vary by the Quarter
FRS 004	Freshman Seminar Program	Special Topics: Topics of Interest, Vary by the Quarter
FST 003	Food Science & Technology	Introduction to Brewing and Beer
FST 010	Food Science & Technology	Food Science, Folklore and Health
FST 107	Food Science & Technology	Food Sensory Science
FST 120	Food Science & Technology	Principles of Meat Science
FST 123	Food Science & Technology	Introduction to Enzymology

Suggested Elective Courses for Clinical Nutrition Students

Course	Department	Title
FST 128	Food Science & Technology	Food Toxicology
HDE 012	Human Development	Human Sexuality
HIS 139A	History	Medieval and Renaissance Medicine
HIS 139B	History	Medicine, Society, and Culture in Modern Europe
IDI 141	Internal Medicine: Infectious Diseases	Infectious Diseases
MCB 150	Molecular and Cellular Biology	Embryology
MCB 162	Molecular and Cellular Biology	Human Genetics
MCB 163	Molecular and Cellular Biology	Developmental Genetics
MIC 010	Microbiology	Natural History of Infectious Diseases
MIC 100	Microbiology	Chemical and Biological Weapons
MIC 105	Microbiology	Bacterial Diversity
MIC 105L	Microbiology	Bacterial Diversity Laboratory
MIC 120	Microbiology	Microbial Ecology
MIC 120L	Microbiology	Microbial Ecology Laboratory
MIC 140	Microbiology	Bacterial Physiology
MIC 150	Microbiology	Bacterial Genetics
MIC 160	Microbiology	Bacterial Regulatory Mechanisms
MIC 162	Microbiology	General Virology
MIC 170	Microbiology	Yeast Molecular Genetics
MMI 115	Medical Microbiology	Ecological Parasitology
MMI 116	Medical Microbiology	Parasitology for Wildlife Biologists
MMI 130	Medical Microbiology	Medical Mycology
MMI 188	Medical Microbiology	Human Immunology
NPB 015	Neurobiology, Physiology, and Behavior	The Physiology of Human Aging
NPB 090E	Neurobiology, Physiology, and Behavior	Biology of Aging
NPB 113	Neurobiology, Physiology, and Behavior	Cardiovascular, Respiratory, and Renal Physiology
NPB 114	Neurobiology, Physiology, and Behavior	Gastrointestinal Physiology
NPB 122	Neurobiology, Physiology, and Behavior	Developmental Endocrinology
NPB 130	Neurobiology, Physiology, and Behavior	Physiology of the Endocrine Glands
NPB 159	Neurobiology, Physiology, and Behavior	Frontiers in Behavior
NPB 161	Neurobiology, Physiology, and Behavior	Developmental Neurobiology
NPB 168	Neurobiology, Physiology, and Behavior	Neurobiology of Addictive Drugs
NUT 010	Nutrition	Discoveries and Concepts in Nutrition
NUT 011	Nutrition	Current Topics and Controversies in Nutrition
NUT 104	Nutrition	Environmental and Nutritional Factors in Cellular Regulation and Nutritional Toxicants
NUT 105	Nutrition	Nutrition and Aging
NUT 114	Nutrition	Developmental Nutrition
NUT 120AN	Nutrition	Nutritional Anthropology
NUT 120BN	Nutrition	Nutritional Geography
NUT 123	Nutrition	Comparative Animal Nutrition
NUT 123L	Nutrition	Comparative Animal Nutrition Laboratory

Suggested Elective Courses for Clinical Nutrition Students

Course	Department	Title
NUT 127	Nutrition	Environmental Stress and Development in Marine Organisms
NUT 129	Nutrition	Journalistic Practicum in Nutrition
PHE 040	Physical Education	Drugs and Society
PHE 044	Physical Education	Principles of Healthful Living
PHI 014	Philosophy	Ethical and Social Problems in Contemporary Society
PHI 015	Philosophy	Bioethics
PHI 030	Philosophy	Introduction to Philosophy of Science
PLB 140	Plant Biology	Culinary and Medicinal herbs
PLB 158	Plant Biology	Mineral Nutrition of Plants
PLS 010	Plant Science	Fruits and Nuts of California and the World
PSC 126	Psychology	Health Psychology
SAS 002	Psychology	Feeding the Planet: Influences on the Global Food Supply
SAS 015	Psychology	AIDS and Society
SAS 020	Psychology	Genetics and Society
SAS 090C	Psychology	Herbal Medicine: Relevance for the 21st Century
SAS 090F	Psychology	Food Distribution in a Hungry World
SAS 120	Science and Society	Science and Contemporary Societal Issues
SOC 154	Sociology	Sociology of Health Care
STA 100	Statistics	Applied Biostatistics for Biological Sciences
STS 001	Science and Technology Studies	Introduction to Science, Technology, and Medicine Studies
STS 020	Science and Technology Studies	Methods in Science, Technology and Medicine Studies
UWP 102F	University Writing Program	Writing in the Disciplines: Food Science & Technology
UWP 104F	University Writing Program	Writing in the Professions: Health
VEN 003	Viticulture and Enology	Introduction to Winemaking
