EDUCATIONAL AND PROFESSIONAL REQUIREMENTS

Registered Dietitian Nutritionists (RDNs) are food and nutrition experts who have met the following criteria to earn the RDN credential:

Enroll in an ACEND®-accredited *Didactic Program in Nutrition & Dietetics (DPD)* academic program.

- This program, which is accredited by ACEND®, grants at least a bachelor's degree and results in the issuance of a DPD Verification Statement.
- After you receive your degree, you will then need to apply for and complete supervised practice experience in an ACEND®-accredited *Dietetic Internship Program* and obtain a minimum of a graduate degree. DPD graduates can also enter a CP or GP (see below).
- You will then be eligible to write CDR's Registration Examination for Dietitians to become credentialed as a registered dietitian nutritionist.

OR

Enroll in an ACEND®-accredited *Coordinated Program in Dietetics (CP)* or *Graduate Program in Nutrition and Dietetics/Future Education Model (GP)*.

- These programs combine classroom and supervised practical experience, provide a minimum of a graduate degree and are accredited by ACEND®.
- Graduates are then eligible to write CDR's Registration Examination for Dietitians to become credentialed as registered dietitian nutritionists.

NOTE: Effective January 1, 2024, the minimum degree requirement for eligibility to take the registration examination for dietitians changed from a bachelor's degree to a graduate degree.

More information is available on the [CDR website](#).

ACEND®-ACCREDITED SUPERVISED PRACTICE PROGRAMS

The *Applicant Guide to Supervised Practice* is the most up-to-date reference available detailing Dietetic Internships (DI), Coordinated (CP) and Graduate Programs (GP), and Individualized Supervised Practice Pathways (ISPP). The majority of accredited programs participate in the *Applicant Guide*; however, additional programs can be found at the end of the *Table of Contents*.

The Academy's *Accredited Programs Directory* provides basic information on all accredited programs. The Directory can be searched by program type, state, degrees offered, etc.

NOTE: Prospective applicants should review program websites for the most up-to-date information, including application deadline dates.

[Dietetic Internships \(DI\)](#)

DIs are post-bachelor's programs and provide at least 1,000 hours of supervised practice for RDN eligibility (must complete a DPD and at least a bachelor's degree before entry). Some programs offer a graduate degree in conjunction with supervised practice; others require a graduate degree to enter the program. All require a Verification Statement from a DPD program to enter.

Appointments to DIs are awarded on a competitive basis and most use the DICAS application process. Some programs accept applications only from individuals employed by the sponsoring organization. Prospective applicants should review program websites for the most up-to-date information, including application deadline dates. Program websites provide detailed information on program requirements, tuition, and financial aid.

Coordinated Programs in Dietetics (CP)

CPs are at the graduate level and provide dietitian coursework and at least 1,000 hours of supervised practice for RDN eligibility within an academic program leading to a graduate degree. Prospective applicants should review program websites for the most up-to-date information, including the application process and deadline dates.

Graduate Programs in Nutrition & Dietetics / Future Education Model (GP)

Graduate Programs (formerly Future Education Model Graduate Programs) are graduate-level, competency-based dietitian nutritionist programs that integrate coursework and at least 1,000 hours of supervised experiential learning for RDN eligibility. Prospective applicants should review program websites for the most up-to-date information, including the application process and deadline dates.

Individualized Supervised Practice Pathways (ISPP)

ISPPs were developed, along with preceptor recruiting efforts, to give applicants more options for dietetic internships. ACEND® policies for ISPPs allow the following to apply to an ISPP: 1) graduates who possess a DPD verification statement (and graduate degree), 2) individuals holding a doctoral degree without a DPD verification statement. Eligibility requirements and options vary by program. Prospective applicants should review program websites for the most up-to-date information, including the application process and deadline dates.

Doctoral degree holders without a DPD verification statement must attend an ISPP that is approved to offer a track for individuals with a doctoral degree. Prospective applicants interested in applying to an ISPP should research the eligibility requirements of the programs to which they intend to apply, including whether one is required to locate one's own preceptors. Individuals with work experience should also inquire whether the program grants credit for specific competency requirements through an assessment of prior learning.

ISPP programs will be discontinued December 31, 2026.

APPLICATION PROCESS

Description of the process

The *Dietetics Inclusive Centralized Application Services* (DICAS) is a web-based application service that simplifies the dietetics application process by allowing applicants to apply to multiple programs with one application. Visit the [DICAS Platform](#) to search for and apply to dietetics programs (DI, CP, GP and ISPPs) of interest.

For the 2024-2025 cycle, some CP and GP may not be using DICAS. If the program you are interested in does not appear in DICAS, check the program's website for directions on how to apply or contact the program director.

DICAS opened on August 5, 2024. Applicants can access DICAS to search for programs they are interested in.

- ⇒ To submit your application in DICAS, you only need to submit one set of transcripts and can choose to request only one set of references.
- ⇒ Not all programs will have their application ready by August 5.
- ⇒ Programs may open their applications for Fall 2025 start date in Fall 2024 and/or in Spring 2025.
- ⇒ Be sure to review each program's information page and website for detailed information.

Application Deadlines

Note each program's application deadline and be sure to submit the application by the program's noted application due date.

- ⇒ Programs will have different application deadlines.
- ⇒ For some programs you may be asked to complete a separate application for the graduate portion of the program and pay a separate fee. Some of these fees may be waived. This information should be on the program's DICAS information page and/or on the program's website.
- ⇒ Although the DICAS portal opens on August 5th, continue to check to see additional applications as programs will continue to open their applications after August 5th.

Application Fees

- ⇒ DICAS charges a fee for submitting your application within the system.
- ⇒ Programs may have their own additional application fees.
- ⇒ Graduate schools/programs may also have their own application fee and may require additional transcripts.
- ⇒ Program specific fee information should be listed on each program's page, DICAS information page, and/or on the program's website.

Application Process Notification and Decision Dates

Applicant notification dates can be any date during the cycle but the last dates for notification are November 1 (Fall) and March 1 (Spring).

- ⇒ All programs are expected to notify applicants of their admission decision by this date.
- ⇒ Review the *Applicant Code of Conduct* posted below.
- ⇒ Programs should not require a response from the applicant before November 15 (Fall) or March 15 (Spring).

Additional Notes:

- ⇒ For the 2024-2025 pilot cycle, some Coordinated Programs and Graduate Programs may not be using DICAS. However, these programs should still be following the application process due dates.
- ⇒ For applicants applying to programs within the same institution (e.g., DPD student applying to the DI within the same university), those programs do not have to follow the Application Process Due Dates.
 - ⇒ If you are applying to a program within your current institution, be sure to contact the program in your institution to obtain their due dates.
 - ⇒ You may decide to apply to a program within your institution/university and at the same time to programs outside your institution/university. Be sure to review each program's information page and/or website for detailed information for application due dates and other requirements.
- ⇒ Applicants may be waitlisted and may be notified after these deadlines based on available positions.
- ⇒ Fall application:
 - ⇒ Programs with openings after November 16th may reopen their application to accept new applications until December 15th, 2024.
 - ⇒ Programs with openings should not accept fall applications after this date.
 - ⇒ Check DICAS and/or the program's website for application opportunities.
- ⇒ Spring application:
 - ⇒ Programs with openings after March 16th may reopen their application to accept new applicants until July 15, 2025.
 - ⇒ Programs with openings should not accept spring applications after this date.
 - ⇒ Check DICAS and/or the program's website for application opportunities.

Applicant Code of Conduct and Traffic Rules

As a future dietitian nutritionist professional, it is expected that applicants follow the Academy of Nutrition and Dietetics' Code of Ethics for RDNs and NDTRs. ACEND also developed the ***Applicant Code of Conduct and Traffic Rules*** that are specific to the application process:

- ⇒ All applicants must follow these traffic rules, even when applying to programs not using DICAS.
- ⇒ Once you decide to accept your program of choice, you **MUST** email the programs that offered you acceptance to inform them of your decision.
- ⇒ Some programs may require you to pay a deposit to reserve your spot.
- ⇒ In the event of a change in circumstances that necessitate you backing out from the program where you accepted the offer, you **MUST** notify this program of your decision to withdraw your previous acceptance before you accept the new program. In these instances, anticipate that any deposit you paid may not be reimbursed.

OTHER IMPORTANT PROGRAM INFORMATION:

Important: Distance program tuition is calculated the same for both in-state and out-of-state students and falls below the tuition for all on-campus tuition. Tuition for 9 hours of NTRI 7016 (Advanced Practicum in Dietetics) is the same cost for all students: \$1000/credit hour. Graduate tuition for additional 25 hours required for the MS Nutrition Non-Thesis with Dietetic Internship as stated, above. Distance students MUST identify all of their individual preceptors (in accordance with program guidelines) and must accept admission to the program under these terms. If preceptors cannot be located in the distance intern's vicinity, there is an option to come to campus for placement at program-designated sites.

OTHER IMPORTANT PROGRAM INFORMATION:

There are two tracks within the DEP, which depend on the student's pre-requisites. Please contact mwcarter@uab.edu for a review of your pre-requisites to determine which track is appropriate for you. Please visit our website for additional information (i.e. tuition, course schedules, etc.). Note that this internship can be completed locally or by distance. The program works with the student to identify sites that are conducive to their interests in their geographic area.

OTHER IMPORTANT PROGRAM INFORMATION:

The community rotation (2 weeks) is spent on the Navajo Reservation in Pinon, Arizona. Student housing is provided, which may be shared with other students. Housing in Phoenix is the responsibility of the intern. Two meals per day and free parking are provided in Phoenix. Background checks, including fingerprints are required. Health benefits are only provided for interns eligible for Indian Health Service benefits.

ESTIMATED COST OF LIVING:

OTHER IMPORTANT PROGRAM INFORMATION:

Professional Science Master's in Applied Nutrition degree through the University of Arizona is REQUIRED unless the applicant already has an advanced degree. The PSM is online and begins in June and finishes the following August; it is completed concurrently with the Internship. In addition to the Internship tuition of \$10,000, the tuition for the PSM is ~\$19,000. Students enrolled in the PSM program qualify for federal loans and grants. More information on the PSM can be found here <https://grad.arizona.edu/catalog/programinfo/ANPSM>.

OTHER IMPORTANT PROGRAM INFORMATION:

Some or all instruction for all or part of the Academic Year may be delivered remotely. Tuition and fees have been set regardless of the method of instruction and will not be refunded in the event instruction occurs remotely for any part of the Academic Year. Figures for tuition and fees represent currently approved or proposed amounts and may not be final. Actual tuition and fees are subject to change by the University of California as determined to be necessary or appropriate. Final approved tuition and fee levels may differ from the amounts presented.

ESTIMATED COST OF LIVING:

Stipends	<input type="checkbox"/> Monetary	<input type="checkbox"/> Tuition Waiver	<input type="checkbox"/> Assistantship	<input type="checkbox"/> Fee Waiver	<input type="checkbox"/> Parking	<input type="checkbox"/> Other Stipend

OTHER IMPORTANT PROGRAM INFORMATION:

The Central Valley WIC Dietetic Internship offers two tracks, 1) MS/DI track, and 2) DI-only track for applicants who already have their master's degree. For the MS/DI track, our program partners with Russell Sage College. The MS Degree in Applied Nutrition is 100% online, so interns can continue to live and work where they are for the first 1.5 years of the program. During the final year of the program, interns come to the Fresno/Central Valley Area to complete dietetic internship rotations and final MS coursework. The entire MS/DI is 2.5 years total.

OTHER IMPORTANT PROGRAM INFORMATION:

We do not conduct transcript evaluations. To see what prerequisite courses are required, visit our website and use our checklist here prior to contacting the Assistant Director: <https://www.csulb.edu/college-of-health-human-services/family-and-consumer-sciences/registered-dietitian-nutritionist-4>

This is a GP, meaning DPD-related coursework is compressed into the accelerated graduate program. Applicants who have completed DPDs are welcome to apply but must be aware and accept that overlap in course content will undoubtedly occur (e.g. assessment, MNT, community) and no courses can be waived or skipped. This is a new program - please refer to our website for all the latest details, as there will likely be updates after this Applicant Guide profile is published.

OTHER IMPORTANT PROGRAM INFORMATION:

Now TUITION FREE, the CHLA DI is dedicated to cultivating a modern, positive, supportive & inclusive learning environment. We have been training interns to become leaders in the areas of pediatric nutrition & developmental disabilities through their clinical supervised practice experience & participation in leadership development since 1976; gained accreditation in 1999. Interns have an opportunity to actively participate in research & policy. Supervised practice takes place all within our hospital with the support of expert, advanced practice preceptors.

OTHER IMPORTANT PROGRAM INFORMATION:

Tuition information is based on CSU Sacramento current tuition information with added 6% based on anticipated tuition and fee hikes announced by the CSU system. The DI only is 40 weeks (2 semester's tuition). The MS/DI will occur over 2 academic years, with the first year focused on academics and the second year DI rotations and completion of the Master's project or thesis.

We look for someone who is self-motivated, professional, has strong communication skills, dependable, flexible, independent but works well in groups, and enthusiastic about the field of dietetics and nutrition.

We will have an Open House on Monday, November 4, 2024. Check the DI website for details. We plan on having both in-person (on the Sac State Downtown campus) and virtual options for people to participate.

OTHER IMPORTANT PROGRAM INFORMATION:

CSUSB graduates are given 20 out of 150 points in evaluation of application. For grad school and ISPP (2 year combined) program, contingent acceptance for ISPP for fall 2024 and start grad degree for Fall 2023. Secondary and DICAS applications accepted after the match date in the month of April (application for interns are accepted in April for those with graduate degree). Go to the website to review the rubric for review of applications. Applications reviewed and interns accepted on a rolling basis. NOTE: ISPP will be discontinued on December 16, 2026, for Fall 2025 cohort, only full time interns will be accepted and applicants must have completed year 1 of graduate degree or have the grad degree at the start of the internship.

OTHER IMPORTANT PROGRAM INFORMATION:

The VASDHS Dietetic Internship provides excellent clinical training in a rigorous, hospital-based internship with an emphasis in MNT. Because it is a VA internship, the majority of patients are male, however the female patient population is increasing. Experience with children is limited to WIC and the school nutrition affiliate rotations.

OTHER IMPORTANT PROGRAM INFORMATION:

Those with a grad degree can complete the internship in 11 months and tuition is \$13,200. Those w/out a grad degree will need to complete the dept's M.A. in Family & Consumer Sciences plus the DI, over 18 months. Tuition for the MA/DI option is \$20,561 (\$23,636 non-resident). Tuition is subject to change. Applicants interested in working w/ diverse populations and/or are bilingual are encouraged to apply. Interns don't need to find their own rotations. Please check our website for more info.

ESTIMATED COST OF LIVING:

<input checked="" type="checkbox"/> Non-Profits	Other: Intern can self-select elective/specialty rotation; anywhere across nation (some restrictions apply).					

OTHER IMPORTANT PROGRAM INFORMATION:

Cal Poly offers many graduate degree options for students seeking to complete their DI, including an MS in Nutrition, which allows students to complete a 2-yr MS in Nutrition + Dietetic Internship. Applicants must either be accepted into one of Cal Poly's graduate degree programs or already have a graduate degree in order to complete supervised practice through the Cal Poly Dietetic Internship. An interview is required for final candidates. Work and volunteer experiences are considered cumulatively.

Please note: The internship component of the MSDI has a separate fee that is approved every year by the university. The 2025-26 program fee has not been established. Past fees have been between \$4,800 and \$7,000. Please visit our website for information on the cost of the program.

ESTIMATED COST OF LIVING:

Stipends ☐ Monetary ☐ Tuition Waiver ☐ Assistantship ☐ Fee Waiver ☐ Parking ☐ Other Stipend
☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all

If checked, stipend is available to all students without restrictions; however, this does not guarantee a student will be awarded a stipend even if a stipend is available the student is eligible. Any eligibility restrictions are explained below.

Stipend Restrictions:

Percentage of students/interns awarded stipend (5 year average):

Estimated Stipend Value: Year one: \$ Year two: \$

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

We value inclusivity and welcome applicants from all backgrounds and those with interest in serving diverse populations. Our Coordinated Program offers routes for any student needing a masters degree and/or supervised practice. We have options for students only needing supervised practice, they can apply to our supervised practice year only.

The MSU Denver Clinical Nutrition Instructor spends 4 weeks working with each student during their first clinical rotation to build knowledge and skill in clinical nutrition practice.

<input checked="" type="checkbox"/> Non-Profits	Other: Red Cross					

OTHER IMPORTANT PROGRAM INFORMATION:

This is a distance internship where interns work on-site with their preceptor(s). You must live in the United States, have a reliable computer and internet provider. There is a full-time option and a part-time option. There is not a separate application process for each. All applicants are considered equally; no difference in selection by full-time versus part-time or concentration area. An additional essay is required if GPA is between 2.8 and 3.0. There are three tracks: MS/DI; full-time DI- post master's degree and part-time DI- post master's degree.

ESTIMATED COST OF LIVING:

Stipends ☐ Monetary ☐ Tuition Waiver ☐ Assistantship ☐ Fee Waiver ☐ Parking ☐ Other Stipend
☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all

If checked, stipend is available to all students without restrictions; however, this does not guarantee a student will be awarded a stipend even if a stipend is available the student is eligible. Any eligibility restrictions are explained below.

Stipend Restrictions:

Percentage of students/interns awarded stipend (5 year average):

OTHER IMPORTANT PROGRAM INFORMATION:

Thank you for your interest in the USJ DI Program with MS options in Nutrition and Sports Nutrition. USJ offers an online Master's degree during the dietetic internship with 18 credits transferring toward the MS from the DI, creating a significant cost savings. This allows the intern to complete both programs within 15 months. Applicants will apply to the DI via DICAS and if not already holding a Master's degree, will be accepted to complete the online Master's during the internship. The option to complete the DI only is available for those already having a completed Master's degree and potentially those enrolled in an approved graduate program (application to ACEND in process) and submitting a degree-conferred graduate transcript. If applying without a Masters, applicants must select the Master's program during the internship year. The graduate nutrition program at USJ is a completely on-line MS Nutrition Program with or without a concentration in Sports Nutrition. If already enrolled in USJ Master's program, the graduate transcript requirement will be waived. The graduate classes start the spring (May) before the DI begins in August, and end the summer following DI Exit Day in

ESTIMATED COST OF LIVING:

Stipends ☐ Monetary ☐ Tuition Waiver ☐ Assistantship ☒ Fee Waiver ☐ Parking ☐ Other Stipend
☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all

OTHER IMPORTANT PROGRAM INFORMATION:

We offer a database of over 1300 potential preceptors nationwide to accepted interns. We may place interns with our NutraCo dietitians. Up to 320 hours of Prior Assessed Learning credit can be awarded. We offer a stand alone 8-month DI program and affiliated graduate degree options: Master of Science (21-24 months), Master of Public Health (24 months), and Master of Professional Studies (15 months). Students may also be enrolled in a student-identified graduate degree program.

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

We offer an MS/DI (31 credits) or PhD/DI (46 credits) program. If PhD/DI, the DI is completed in the first 24 mos of the program, and Verification Statement is awarded after the PhD is finished.

****We will have a VIRTUAL OPEN HOUSE and one IN-PERSON in October where we will discuss the application process, assistantships, research labs, etc. See our website to register for the Open House: <https://www.fcs.uga.edu/fdn/graduate>. Follow on Instagram @ugadieticinternship**

OTHER IMPORTANT PROGRAM INFORMATION:

We are a distance internship that prearranges all rotations sites and preceptors, contracts, and paperwork clearance at designated sites across the US. Sites are listed on our internship website, www.rdinternship.com

For applicants interested in obtaining MS during internship, we have several university partners to choose from. We coordinate interns' schedules and classes with the MS program.

International students must have an OPT Visa to complete internship.

OTHER IMPORTANT PROGRAM INFORMATION:

We have a new 1-year program! You take one-semester of classes, then the next two semesters you are out on rotations! This program will get you ready quicker so that you can sit for the RDN exam and start working (and making that money!).

The program at SIU Carbondale provides a Master of Science Degree in Human Sciences with the Dietetic Internship Program. The curriculum is designed to provide advanced study in nutrition and dietetics and provide 1200 hours of supervised practice. We have a great well-rounded program that will make you entry-level ready! Our interns have secured positions in clinical dietetics including pediatrics and oncology, teaching at universities, directing school nutrition programs, corporate wellness, management, and many more! If you are interested, please check out our website for more information!

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

Rush University Medical Center, is located just west of downtown Chicago. Rush is a large tertiary medical center and consistently included in published lists of outstanding hospitals. The faculty consists of over 20 dietitians who hold MS degrees and 6 PhDs. The faculty to student ratio is over 2:1. Rush uses the teacher-practitioner model which means that the program faculty are also the practitioners in the department. Rush graduates have maintained one of the nation's highest pass rates for first-time takers on the RD exam.

OTHER IMPORTANT PROGRAM INFORMATION:

We offer two options: Track 1 - MS/DI: 18-months combining online graduate coursework at Rosalind Franklin University of Medicine and Science with 20-24 hours of rotation/week plus 2-3 graduate courses/quarter. Applicants only need to apply thru DICAS, only a brief application to RFUMS. No additional graduate school application fee. Track 2 - DI Only: 18-months for applicants who have a graduate degree OR are currently enrolled in a graduate program. 20-24 hours of rotation/week. Tuition listed is for the internship portion; additional graduate school tuition for Track 1.

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

Studying full-time in Indianapolis puts you in the heart of the state's leading healthcare facilities. Our professional doctoral program (non-dissertation) can be individualized to enhance your professional growth in nutrition and dietetics, and some courses can be adapted for online learning. The final year emphasizes medical nutrition therapy, food systems management, and community experiential learning experiences.

We accept non-dietetic students who do not have a DPD verification statement but meet the program prerequisites.

We provide an introduction to as many areas of dietetic practice as possible.

ESTIMATED COST OF LIVING:

Stipends ☐ Monetary ☐ Tuition Waiver ☐ Assistantship ☐ Fee Waiver ☐ Parking ☐ Other Stipend
☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all

OTHER IMPORTANT PROGRAM INFORMATION:

We provide exceptional educational and supervised practice experiences at superior facilities particularly in medical nutrition therapy and food systems management. We accept nontraditional students and international students. Our program includes study trips such as a family dairy farm tour, a commercial dairy processing plant and a major food systems vendor. You can design your own capstone experience in an area that interests you most (capstone plans require faculty approval). The capstone experience maybe in medical nutrition therapy, food systems management or community nutrition. The degree conferred is Master of Science in Nutrition and Dietetics (MS). We provide an introduction to as many areas of dietetic practice as possible.

OTHER IMPORTANT PROGRAM INFORMATION:

- UIndy offers a unique Sport Nutrition Concentration not available anywhere else in the Midwest.
- UIndy's accelerated program allows students to complete the Dietetics Internship program in one academic year (2 semesters)
- UIndy offers three dual programs are available which allow students to earn a master's degree and complete their Supervised practice hours as part of a concurrent program. Students can earn either a Master of Science in Exercise Science (MEXS), a Master of Public Health (MPH) , or a Master of Science in Aging Studies (AGST).
- Nursing Simulation Lab Learning Modules provides students state-of-the-art learning opportunities.
- Consistent, supportive onsite mentorship from program personnel and preceptors in rare, highly-sought after rotation sites
- Faculty and personnel with robust experiences and credentials in Sports along with Dietetics

OTHER IMPORTANT PROGRAM INFORMATION:

Curriculum is value-added including courses in applied nutrition counseling, eating disorders, and nutrition supplements. Many options available for 5-week culminating Engagement experience in a variety of practice areas.

Students may select Sports & Performance Nutrition option with most supervised practice experiences through Purdue Athletics. Courses for all students include a sports nutrition topic or speaker. Program completion results in opportunity to count degree for 300 hours toward Board Certified Specialist in Sports Dietetics (CSSD) credential. All first year coursework is on campus in West Lafayette, Indiana. Second year supervised practice rotations off campus in locations such as Fort Wayne, Indianapolis, Northwest Indiana, Lafayette and other Indiana locations.

OTHER IMPORTANT PROGRAM INFORMATION:

If you don't have a masters degree prior to starting the DI, you must start a distance masters. Contact the Tulane DI Director for more info. Some masters programs will give credit for the 12 hours received from the Tulane DI. You may complete both programs in 1--1.5 years. Students are successful with this arrangement.

ESTIMATED COST OF LIVING:

Stipends ☐ Monetary ☐ Tuition Waiver ☐ Assistantship ☐ Fee Waiver ☐ Parking ☐ Other Stipend
☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all

If checked, stipend is available to all students without restrictions; however, this does not guarantee a student will be awarded a stipend even if a stipend is available the student is eligible. Any eligibility restrictions are explained below.

OTHER IMPORTANT PROGRAM INFORMATION:

The UMass Amherst DI program allows for prior learning credit on a case-by-case basis. This means interns may be able to apply time spent in a nutrition-related field toward the required 1,000 hours of supervised practice. For example, if you held a nutrition specialist position at WIC, some of those hours may count toward supervised practice, which would reduce the overall time spent in the program, enabling you to finish sooner.

The UMass Amherst DI program also strives to maintain flexibility with the weekly/monthly rotation schedule. We recognize many interns must work to support themselves during an unpaid internship program. Therefore, we make every effort to ensure interns have time to hold a part-time job while completing the requirements of the program. Nonetheless, the program is demanding and applicants should be prepared for a very busy but productive academic year.

Currently, the university offers a campus-based MS in nutrition (thesis or non-thesis options) that is separate from the internship. Graduates of the master's program are

OTHER IMPORTANT PROGRAM INFORMATION:

We'd love to meet you! The BIDMC dietetic internship is a rigorous clinical internship with an emphasis on nutrition therapy and nutrition support. We strongly recommend you attend a virtual or in-person info session to hear from program staff and current interns. Tours dates/times are listed on our website. Please email the Coordinator, Julie Roberts (jroberts@bidmc.harvard.edu) to reserve your spot or ask questions. We'd love to hear from you!

OTHER IMPORTANT PROGRAM INFORMATION:

We are a well-rounded clinical dietetic internship with a heavy emphasis on nutrition support, MNT and research paired with individualized support. We strongly encourage any prospective intern to attend a tour/open house to meet the Director and/or Associate Director and current interns to gain a sense of the program.

OTHER IMPORTANT PROGRAM INFORMATION:

Students enrolled in a graduate program with expected graduation date during the internship can apply.
 MGH DI has partnerships with 3 different universities in Boston for graduate degree enrollment and preselect DI options.
 Interns have choice of Concentration for a 6 week rotation. Concentration (6 weeks) allows interns to gain depth and confidence in an area of his/her choice. Three week business plan rotation; in groups of 3-4 peers research, write, defend, present a formal business plan. There are 2 application deadline dates, October and January for one start date, the following Fall/September

OTHER IMPORTANT PROGRAM INFORMATION:

A car is not required, but is strongly encouraged to allow us maximum flexibility in placing interns in best fit rotations. Rotations may occur in a 20 mile radius with some consideration for where the intern lives.

Strong preference is given to MSDI students for entry into the Treatment of Eating Disorders Concentration and the Pediatric Concentration. Application to the treatment of eating disorders concentration and the pediatric concentration occurs as an internal application after being matched to the Simmons DI programs. Interested applicants should indicate interest in this concentration in their application essay.

OTHER IMPORTANT PROGRAM INFORMATION:

Our program has >2000 hours of training. There are numerous opportunities both within the context of the program as well as outside of the program. Our most successful students are those have strong time management skills and can prioritize their workload. Hospital experience prior to starting our program is helpful (work or volunteer) but not required. A virtual open house is available monthly. Contact Kelly Kane at Kelly.Kane@tuftsmedicine.org for information.

☒ Hospitality ☐ Dental ☒ Corporate Wellness ☒ Rural Health ☒ Community Agriculture/Urban Gardening ☐ Information Systems
☐ Independent Study ☒ Sales and Marketing ☒ Renal ☒ Culinary ☒ Sports Nutrition ☒ Research ☒ Advanced Practice
☐ Program Planning ☒ Public Health ☒ Pediatrics ☒ Eating Disorders ☒ Underserved ☒ Diabetes ☒ Media/Communication
☒ Neonatal ☒ Leadership ☐ Indian Health ☐ Military Skills ☐ Surgery ☒ Private Practice/Entrepreneur ☒ Retail ☐ Non-Profits

Other:

OTHER IMPORTANT PROGRAM INFORMATION:

Wellness Workdays offers a unique distance education based program, designed to meet the individual needs and interests of a group of dynamic, inspiring individuals seeking to become Registered Dietitians with a focus on wellness and sports nutrition. The WWDI allows interns to complete their supervised practice requirements in their local setting using sites and preceptors of their choice. Full time and part time options are available. Prospective interns are required to find qualified preceptors in the areas of clinical nutrition (400 hours), food service management (180 hours), community nutrition (180 hours) and concentration (240 hours) to complete their requirements. We have three unparalleled concentrations that address the major health issues currently facing our country.

(1) Worksite Wellness and Health Promotion (2) Sports Nutrition and Entrepreneurship (3) Nutrition Communications and Marketing

WWDI accepts interns who will need to obtain a graduate degree while completing internship hours. We have partnered with four universities and offer MS, MBA, and M.Ed

OTHER IMPORTANT PROGRAM INFORMATION:

Students must apply to JHSPH through SOPHAS. In order to be considered, students need to indicate their interest for the MSPH - Dietitian Program at the time of applying for the MSPH program in Human Nutrition (Dept of Intl Health). Admission requirements for the MSPH - Dietitian are outlined on the web site. Official transcripts from all institutions attended, three letters of recommendation, virtual interview, pre-requisite courses required or DPD Verification Statement. Please visit the JHSPH web site for information regarding deadlines, financial aid and costs associated with the program.

OTHER IMPORTANT PROGRAM INFORMATION:

Hood College is located in scenic Frederick, MD, just 1 hour from DC and Baltimore. Our program offers small class sizes, hybrid, part-time and full time options and provides all internship placements for students. Students complete SEL hours in interactive graduate classes, at internship sites and in our simulation lab.

ESTIMATED COST OF LIVING:

OTHER IMPORTANT PROGRAM INFORMATION:

UNE'S MS in Applied Nutrition, Dietetics Focus is a Graduate Program accredited under ACEND's Future Education Model standards.

Our program offers:

- No requirement to have a DPD Verification Statement or a Bachelor's in Nutrition to apply
- No requirement to go through the matching process
- Only three prerequisite courses required
- Those with any Bachelor's degree or above and those nearing completion of a Bachelor's degree are encouraged to apply
- Successful completion of the program results in a Master's degree and the Verification Statement that allows you to sit for the RDN exam

ESTIMATED COST OF LIVING:

Stipends ☐ Monetary ☐ Tuition Waiver ☐ Assistantship ☐ Fee Waiver ☐ Parking ☐ Other Stipend
☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all

If checked, stipend is available to all students without restrictions; however, this does not guarantee a student will be awarded a stipend even if a stipend is available the student is eligible. Any eligibility restrictions are explained below.

OTHER IMPORTANT PROGRAM INFORMATION:

The VA Ann Arbor Healthcare System Dietetic Internships currently holds Candidacy for Accreditation status through the Accreditation Council for Education in Nutrition and Dietetics (ACEND). Our first cohort of four master's prepared dietetic interns will be warmly welcomed in August of 2025.

Our 37-week, full-time certificate program provides over 1,000 hours of supervised practice experience. Interns are paid a \$15/hour stipend during the program's duration and are eligible to enroll in a Federal Employee Health Benefits program (FEHB). Most rotation sites are located within the Lieutenant Colonel Charles S. Kettles VA Medical Center, with a concentration on clinical and community care servicing the Veteran population. Pediatric and maternal health rotations are located at Women, Infant, Children (W.I.C.) of Washtenaw and Wayne counties.

ESTIMATED COST OF LIVING:

OTHER IMPORTANT PROGRAM INFORMATION:

Henry Ford Hospital is a state-of-the-art, 877-licensed bed tertiary care hospital, education, and research center located in Detroit. The hospital is recognized for clinical excellence in the fields of cardiology and cardiovascular surgery, neurology and neurosurgery, orthopedics and sports medicine, transplant, and cancer. It is the flagship hospital of Henry Ford Health, one of the nation's leading comprehensive integrated health systems.

The hospital is staffed by the Henry Ford Medical Group. Henry Ford Medical Group is one of the nation's largest group practices, with more than 1,900 physicians and researchers in more than 40 specialties, who staff Henry Ford Hospital and other care sites in southeast Michigan.

OTHER IMPORTANT PROGRAM INFORMATION:

The Beaumont Health System Dietetic Internship Program is committed to serving the nutrition needs of the community, state and nation by providing the highest quality dietetic education. This will be accomplished through preceptor experience, multi-disciplinary education and direct-patient care provided safely, effectively and compassionately.

Program goals include preparing competent dietetic practitioners, providing leadership skills training in the profession of dietetics and contributing to providing the highest quality health care to all patients of Beaumont and its community affiliations.

OTHER IMPORTANT PROGRAM INFORMATION:

Our full program is a "transitional Master's" where students can start the 3 Year Professional Program while undergraduates and complete as graduate students. Someone coming to MSU with the pre-requisite courses completed could enter the program in Year 2. Please contact the Program Director for more information about your individual academic journey! The Master's phase of the program provides an MS degree and 1000 hours of Supervised Experiential Learning embedded throughout the program (FEM/GP model).

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

Graduate degree option (MPS at University of Minnesota Twin Cities year 1, DI year 2) and stand-alone DI option for those with Master's Degrees. Tuition numbers, financial aid, scholarships and assistantships above apply to graduate degree option only. To be eligible to participate in a VA training program, all male applicants must have registered for the selective service. Applicants must be official US Citizens. Applicants must be up to date on all vaccinations recommended for health care workers by the CDC. Upon acceptance to the program, applicants will provide proof of selective service registration or exemption if applicable, as well as signed documentation by the applicants medical provider attesting to completed vaccination requirements. Interview procedures are subject to change at any time. See our DICAS page and website for more specifics or reach out to internship director with questions.

OTHER IMPORTANT PROGRAM INFORMATION:

Students get a rich experience in working with underserved groups of people, including minority populations. Courses are taught by outstanding faculty with national and international reputation. We are a strong research institution and students get superb research exposure and experience. Our students become part of our family for 2 years, we have very high standards but also support you and help you succeed. If you have a passion for serving communities, disease prevention and making a difference among individuals and groups of people, we are the program for you!

ESTIMATED COST OF LIVING:

Stipends	<input type="checkbox"/> Monetary	<input type="checkbox"/> Tuition Waiver	<input checked="" type="checkbox"/> Assistantship	<input type="checkbox"/> Fee Waiver	<input type="checkbox"/> Parking	<input type="checkbox"/> Other Stipend
	<input checked="" type="checkbox"/> Available to all	<input checked="" type="checkbox"/> Available to all	<input checked="" type="checkbox"/> Available to all	<input type="checkbox"/> Available to all	<input type="checkbox"/> Available to all	<input type="checkbox"/> Available to all

If checked, stipend is available to all students without restrictions; however, this does not guarantee a student will be awarded a stipend even if a stipend is available the student is eligible. Any eligibility restrictions are explained below.

OTHER IMPORTANT PROGRAM INFORMATION:

The MSAN is a 15 month online graduate program with in-person supervised experiential learning at sites. Applications are due 1/13/2025. Applicants are notified of acceptance by 2/10/2025. Graduates earn the MS in Applied Nutrition and Graduate Program Verification Statement which provides eligibility for the RD Exam. Coursework is 100% online and can be completed from any location. Field experiences (supervised experiential learning) can be completed at one of many options. Students must indicate the options they prefer in their application. Location options include: - Cape Girardeau/Jackson MO area - Southeast/Bootheel MO area - St. Louis MO and IL area - Southern IL area - Nutritious Lifestyles locations (Many areas in the US. See website for listing) - Remote Distance locations (This requires applicants to pre-arrange sites). Since our program is online, we can only accept students with a Green Card or who are U.S. Citizens. Application and instructions will be available on DICAS. Program information can be found here: <https://semo.edu/online/online-degrees/MS-applied-nutrition.html> We have two open houses scheduled. A third open house may be announced on our

OTHER IMPORTANT PROGRAM INFORMATION:

For 2025-2026, we will offer 2 tracks. Both tracks require the DPD VS. There is an internship only track for those that have already completed a master's degree and a track for an internship with a Master of Science degree in Nutrition for those that do not have a master's degree. The Northwest Master of Science degree in Nutrition is an online degree only. Official internship and degree costs can be found at the dietetic internship website: <https://www.nwmissouri.edu/health/programs/dietetic-internship/index.htm> Interns are placed in rotations that are pre-determined. Location options include Central Iowa, Kansas City, Kansas City Metro area, St. Joseph, and Columbia, MO and Lawrence, KS. During the interview, the applicant will rank location preference. Preference is considered, but not guaranteed. Interns participate in Friday Class every other week outside of the current rotation to learn of areas in dietetics that the intern may not experience during regular rotations. The classes are also used to continue practicing and improving assessment, counseling and communications skills. Friday classes are spent online listening to speakers of the field, attending professional

OTHER IMPORTANT PROGRAM INFORMATION:

We provide a Master of Science in Nutrition and Dietetics with an emphasis in Population Health or Health Promotion. This is a 2-year combined MS and DI. The second year, students can apply for assistantships on Missouri State campus. An assistantship pays for your tuition year two in addition to receiving a \$1,116 monthly stipend. Or you can apply for part-time or full-time jobs. Additionally, any online classes cost in-state tuition and therefore, non-residents are charged the same for Missouri residents for those classes.

We also have a 9-month, Dietetic Internship. A graduate degree is required to apply to this program.

Additionally, interns will choose Rural Health or Public Affairs as their area of concentration and develop a 5-week rotation in that concentration area with guidance of the program director.

ESTIMATED COST OF LIVING:

Stipends	<input type="checkbox"/> Monetary	<input type="checkbox"/> Tuition Waiver	<input type="checkbox"/> Assistantship	<input type="checkbox"/> Fee Waiver	<input type="checkbox"/> Parking	<input type="checkbox"/> Other Stipend

OTHER IMPORTANT PROGRAM INFORMATION:

Each year, our class will consist of a combination of DI only interns who already have a master's degree and MS-DI interns who are concurrently enrolled in the master's program at the University of Alabama.

Patients seen in clinical supervised practice settings are adult males and females. Our Program is 100% hands-on, on-the-job training; no simulations. Interns will complete one week of orientation, then are completing computerized chart notes on patients within 2 weeks of arrival under the guidance of the RD preceptor. All rotations are assigned by the director and preceptor guided. Interns have preparation homework for some rotations and will also work on a variety of individual and team projects and medical center activities. Strong organizational, time-management and multi-tasking skills are required. Interns must also have solid interpersonal skills, including reading, writing, and verbal communications in English.

ESTIMATED COST OF LIVING:

OTHER IMPORTANT PROGRAM INFORMATION:

The Montana Dietetic Internship provides a MS degree path in Dietetic Systems Leadership including 1000 hours of supervised practice in MT or WY in the second year. The internship integrates experiences in clinical and community nutrition, foodservice management, and a focus in sustainable food systems to provide a unique and progressive experience to future registered dietitian nutritionists. Students may also choose to focus in weight inclusive care or Indigenous or rural health. All students participate in on-farm, place-based learning in Bozeman, Montana at the student farm and teach medical and nursing students culinary medicine in interprofessional education sessions in fall of the second year, to kick off the dietetic internship.

In Fall 2024 we will accept students prepared with a DPD verification statement in the MSDI program track (2 years/36 grad credits includes internship), and master's

Other: Host internship site in Corrections Hospital						

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

<input type="checkbox"/> Non-Profits						
Other: 1-2 interns in 9-11 wks in Eating Disorders Clinic. No electives but work w students to place in areas of interest						

OTHER IMPORTANT PROGRAM INFORMATION:

All didactic coursework is online but synchronous; there are live classes on zoom every wk. The first semester is 15 credits of distance coursework (5 classes). The next 3 semesters have 1 hybrid course, 1 distance, & in-person supervised experiential learning (SEL) (9 credits/sem). You are considered a FT student each semester. Students complete 3, 3-day workshops on the Rutgers SHP Newark campus in Mar, June & Dec. Including hands on clinical skills, a tube feeding workshop which includes feeding tube placement, NFPE, & start of your research project (no thesis reqd), case study & research presentations & 1 1/2 days of RDN exam prep. Complementary study guide provided. Students apply to either the local (Rutgers NJ sites) or remote track for SEL. Remote track are sites >100 miles from the Rutgers SHP Newark campus. Remote sites in: CA, IN, NM, WI, PA, & FL, All clinical sites obtained by Rutgers; students do not need to find sites. This Rutgers campus is in Newark, NJ & is in the School of Health Professions, Rutgers Biomedical Health Sciences. We are in DICAS but not a part of the match. Apply Oct 1 for priority admission & Feb 1 for regular admission.

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

ESTIMATED COST OF LIVING:

Stipends ☐ Monetary ☐ Tuition Waiver ☐ Assistantship ☐ Fee Waiver ☐ Parking ☐ Other Stipend
☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all

If checked, stipend is available to all students without restrictions; however, this does not guarantee a student will be awarded a stipend even if a stipend is available the student is eligible. Any eligibility restrictions are explained below.

Stipend Restrictions:

Percentage of students/interns awarded stipend (5 year average):

Estimated Stipend Value: Year one: \$ Year two: \$

Living Expenses**Meals**

OTHER IMPORTANT PROGRAM INFORMATION:

Applicants must have a minimum of a Bachelor's degree and DPD verification statement to apply to our program. Two tracks available: MS/DI and DI Only. MS/DI: must apply to New York University MS in Clinical Nutrition concurrently when applying to DI. Once in the DI, 19 NYU graduate credits are required during the internship year and 1 full-time semester of NYU coursework is required before a DI verification statement can be issued. DI-only: Applicants having completed a Masters in Clinical Nutr (or similar) prior to the start of the program may be exempt from NYU grad coursework through an assessment of prior learning. These applicants will receive the DI verification statement upon completion of the supervised practice portion of the internship.

Contact the Program Director to discuss. The JJPVA is the most diverse VA in the country! Our DI focuses on putting theory into practice with a concentration is in Medical Nutrition Therapy. Applicants must be self-starters, have strong organization skills, life-long learners & have passion for field & clinical nutrition. Our program selects 7

OTHER IMPORTANT PROGRAM INFORMATION:

The Buffalo State University ACEND accredited FEM Dietetics Combined Pathway (BS and MS) begins in-person in the undergraduate junior year. \$38000 is offered to out-of-state undergraduate students who live on campus. The graduate year is 90% online (planned for 100% online). Applications are taken in the Spring semester of the sophomore year. To be eligible to apply, candidates must complete prerequisite courses with a GPA 2.75. Many prerequisite courses may be transferred. Prerequisite courses may be found at the following link: <https://ecatalog.buffalostate.edu/undergraduate/major-minor-programs/dietitian-education-program-bs/#admissionrequirements>. Students take 12 graduate credits at undergraduate tuition in their last year of undergraduate year. GPA 3.0 is required to advance to graduate Year. Email colaiztm@buffalostate.edu for more information.

OTHER IMPORTANT PROGRAM INFORMATION:

We offer a standalone DI option for students who hold a graduate degree. We offer the MS DI option for students who have a DPD verification statement and an undergraduate degree. We offer a Graduate Program ("IPND") for students who have an undergraduate degree but do not hold a DPD verification statement. Please see our website, and attend an Info Session for more information on this option. Interns successfully completing the Internship Program at Hunter obtain 12 graduate credits for the internship, which can be applied to the MS degree. All applicants must pay the program application fee. Distance interns must attend the week-long orientation in person and the weekly intern seminar. Distance interns are required to locate appropriate preceptors, plan their internship program, and submit this information with their application to the internship.

OTHER IMPORTANT PROGRAM INFORMATION:

Didactic education and supervised experiential learning (SEL) are blended together in an intensive 2-year program that eliminates the need for a dietetic internship by providing SEL hours that meet the requirements of ACEND before completing the RDN exam as well as becoming state certified or licensed. Hours are fulfilled within the classroom and at community, clinical, and food service worksites in NYC and surrounding areas providing opportunities for rich professional experiences. Attend an info session! <https://www.tc.columbia.edu/health-and-behavior-studies/nutrition/info-sessions/>

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

ESTIMATED COST OF LIVING:

Stipends ☐ Monetary ☐ Tuition Waiver ☐ Assistantship ☐ Fee Waiver ☐ Parking ☐ Other Stipend
☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all

If checked, stipend is available to all students without restrictions; however, this does not guarantee a student will be awarded a stipend even if a stipend is available the student is eligible. Any eligibility restrictions are explained below.

Stipend Restrictions:

Percentage of students/interns awarded stipend (5 year average):

Estimated Stipend Value: Year one: \$ Year two: \$

Living Expenses**Meals**

Meals: Some % of Meals Provided: Estimated Meal Cost: \$ varies

Insurance

Liability Insurance provided? No If not provided, cost of liability insurance per year: \$ 25

Health Insurance provided? No If not provided, cost of health insurance per year: \$ varies

Housing and Transportation

Housing assistance provided? No If not provided, estimated rent per month: \$ varies

Is a car required? Yes Estimated transportation cost per year: \$ varies

Dues and Fees**Required Dues During Internship**

Academy Student Membership? Yes Local District Membership? Rec'd Other Memberships? No

Other:

OTHER IMPORTANT PROGRAM INFORMATION:

This program has a strong focus on culinary nutrition, food equity, clinical practice and interprofessional education and collaboration. All students enroll in the Fall semester and continue with the same cohort for the full two year program. Students are automatically enrolled in supervised practice rotations, no separate application required. The program coordinates all supervised practice placements - students do NOT have to find their own sites/preceptors. Interested students should contact the Nutrition Department via email at Nutrition@pace.edu to schedule an appointment. Informational webinars are also hosted monthly. Please create a profile to receive additional information about the program and an invitation to the next webinar.

Other: Host internship site in Corrections Hospital						

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

The Stony Brook Dietetic Internship is housed in a large Nutrition Division with 36 registered dietitians covering every area of specialty. All RDs are involved in your training or informing the curriculum and are available to mentor you. Our Division and Medical Center are fast-paced, exciting learning environments. Applicants without a master's degree will be required to matriculate into the coordinated online Stony Brook MS in Nutrition.

OTHER IMPORTANT PROGRAM INFORMATION:

The Master of Science in Professional Nutrition Practice (MS PNP) is housed within the Nutrition Division of Stony Brook Medicine. The Nutrition Division is comprised of 36 registered dietitians covering every area of specialty. Many RDs are involved in your training or informing the curriculum of the 16-month MS PNP. The MS PNP combines online didactic coursework with supervised experiential learning at clinical, public health/community, and food service management sites. In order to be eligible to sit for the registration examination and become a RDN, students must complete the MS PNP, inclusive of required coursework (33 credits) and supervised experiential learning hours/credits (1022 hours and 17 credits). We offer both an onsite, program-identified site option as well as a distance, student-identified site option.

OTHER IMPORTANT PROGRAM INFORMATION:

In-person 1:1 instruction and hands-on experiences, along with advanced clinical specialties and flexible electives are prioritized. All interns receive laptops, providing remote access to everything needed. We teach clinical work at top of RDN scope of practice, and emphasize professional development, including networking, presentations, and research.

The 2024 graduate degree requirement can be met either prior to completing the DI, or simultaneously, if graduation date is planned for spring or summer following DI completion.

OTHER IMPORTANT PROGRAM INFORMATION:

DI-only option: The program will accept applicants for a DI-only program if they have completed their Master Degree. The DI-only program will run from mid-August to mid-July of the following year. Supervised practice will occur on Tuesday thru Friday, until June-July when rotations switch to Monday-Friday for the final 7 weeks of the internship.

DI with Master Degree: The program will offer a dietetic internship with a Master Degree in Nutrition from Case Western Reserve University. The 1st 12 months of the program involve internship rotations at the Louis Stokes Cleveland VAMC and graduate work at Case Western Reserve University. During the Dietetic Internship portion of the program, students take 7-8 graduate credits during the 1st semester and a minimum of 6 graduate credits during the 2nd semester while completing their supervised practice hours. Graduate classes are held on Mondays and evenings to allow intern to focus on supervised practice rotations Tuesday-Friday. The rotation schedule switches to Monday-Friday, in June-July, for the final 7 weeks of the program. The internship portion of the program is 12 months long and runs from mid-August to mid-July of the

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

The program is a distance, intern-initiated program in which applicants arrange their rotation schedule and sites. Applicants to the spring match must have completed a masters degree and DPD Verification Statement by the time of the program start (Aug 15 each year) or be all but thesis and in good standing with a plan to complete the thesis within 6 months of graduating from the program. Applicants to the ISPP must have a doctoral-level degree, with or without DPD Verification. ISPP applications are accepted on a rolling basis for start times designated by the applicant. Individuals interested in a master's degree at Ohio State are encouraged to apply to the Masters in Dietetics and Nutrition (MDN) which is a coordinated future graduate program.

ESTIMATED COST OF LIVING:

OTHER IMPORTANT PROGRAM INFORMATION:

This program is partnered with the Master's degree (33h) or certificate program (18h, for those who have a master's degree) in Dietetics and Nutrition at the University of Dayton, and accepts students from any DPD program. All applications should be completed through DICAS in the fall of the last year of the DPD program. Rolling applications will be reviewed after Oct 1 (notification by Nov 1), Nov 16 (notification by Nov 30) and Feb 1 (notification by Mar 1). Interviews to personalize program for applicants are optional. The partnered program begins with master's classes in May, internship orientation in Oct, and internship rotations Jan-Dec. GA positions are available, but limited.

Premier Health Dietetic Internship

OTHER IMPORTANT PROGRAM INFORMATION:

According to applicant preference, KADDI offers both full- and part-time options. We offer an internship option only, student-identified graduate degree option finishing your graduate degree before completion date of internship, combined MS/DI w/ partnerships through UA &UCA, & ISPP for post-doctoral students. We are likely to offer more appointments in spring match. There is no set number for full- or part-time positions. Full- and part-time programs have the same requirements detailed on the webpage. The program attempts to be as flexible as possible within adherence to ACEND standards. For example, KADDI will allow students to submit rotation calendars with religious holidays or vacations planned into them. The program will award up to 300 hours prior- assessed learning credit. The application and instructions are on the KADDI-internship.com website. This has been extended to waive assignments (not hours) for graduate degree coursework.

OTHER IMPORTANT PROGRAM INFORMATION:

Stand alone DI or DI/ master's available. All interns receive automatic acceptance into 1 of 5 master's programs (Public Health, Nutrition, Business, and Exercise Science). Can enroll at an outside institution for master's but cannot receive verification statement until master's and DI completed. Interns can prioritize preferred supervised practice sites for all rotations. The DI graduate coursework aligns with the supervised practice rotation & DI credits count towards one of 5 degrees at Cedar Crest. Onsite orientation kick starts hands-on clinical skills training annually in August.

<input checked="" type="checkbox"/> Non-Profits	Other:					

OTHER IMPORTANT PROGRAM INFORMATION:

Stand alone DI or DI/Masters available. All interns receive automatic acceptance into 1 of 5 master's programs (Public Health, Nutrition, Business, and Exercise Science). Can enroll at an outside institution for master's but cannot receive verification statement until master's and DI completed. Interns can prioritize preferred supervised practice sites for all rotations. The DI graduate coursework aligns with the supervised practice rotation & DI credits count towards one of 5 degrees at Cedar Crest. Onsite orientation kick starts hands-on clinical skills training annually in August.

ESTIMATED COST OF LIVING:

Stipends	<input type="checkbox"/> Monetary	<input type="checkbox"/> Tuition Waiver	<input checked="" type="checkbox"/> Assistantship	<input type="checkbox"/> Fee Waiver	<input type="checkbox"/> Parking	<input type="checkbox"/> Other Stipend

OTHER IMPORTANT PROGRAM INFORMATION:

See our website for a sample schedule, updated costs, and application requirements. Students, both in-residence and distance tracks, are required to visit campus twice for clinical/food science simulation laboratories during the program. Didactic courses are taught online and asynchronous, therefore students must hold U.S. citizenship status. Due to NC-SARA (National fieldwork agreement), students from California are not able to enroll in this program.

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

Our program emphasizes social justice advocacy, interprofessional practice, sustainability, and diverse and inclusive environments.

Students from a DPD complete 39 credits, starting in the fall (completing 4 semesters total). The numbers above reflect the path expected for those students.

Students new to nutrition complete up to 54 credits, starting in the summer (completing 5 semesters total). Tuition/fees would reflect these additional credits.

Students complete 9 individualized rotations.

Program scholarships are available to students who apply by the 2/1 deadline.

All rotation sites / preceptors are secured for students by the program and assigned based on student preferences. Students may also request placements at sites they identify.

ESTIMATED COST OF LIVING:

OTHER IMPORTANT PROGRAM INFORMATION:

Please see website for more detailed information and contact us with any questions. Two options for Supervised Experiential Learning (SEL) are available: In-residence sites (University Park, PA and Hershey, PA) and Distance (student-identified). SELs vary based on site placement and availability. All non-SEL coursework is 100% online. The experiential track is not an option for international students in need of an I-20 or DS-2019 to be issued by Penn State in order to attend. If you are currently in the United States on a visa that permits study, it may be possible for you to participate in the experiential track. Visit Penn State's International Students page or contact international@psu.edu if you have questions about your current visa status.

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

ESTIMATED COST OF LIVING:

Stipends ☐ Monetary ☐ Tuition Waiver ☐ Assistantship ☐ Fee Waiver ☐ Parking ☐ Other Stipend
☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all

If checked, stipend is available to all students without restrictions; however, this does not guarantee a student will be awarded a stipend even if a stipend is available the student is eligible. Any eligibility restrictions are explained below.

OTHER IMPORTANT PROGRAM INFORMATION:

The Winthrop University dietetic internship program offers an online MS in human nutrition in year one - 3 consecutive semesters followed by supervised practice rotations in year 2 (semesters 4 and 5). The MS DI is a full time two-year program. Interns are placed in specific geographic areas throughout South Carolina and the Charlotte, NC region, however the latter is limited to availability of sites. Core rotations are kept to within 60-70 miles of each other. Travel to rotation sites within the geographic assigned area and to campus for seminar days is required, and at the expense of the intern. Applicants interested in a focused outpatient/community rotation in public health must include this interest in their application. The program affiliates with the SC Dept. of Public Health, a new option in 2025. Applicants with a master's degree interested in the internship must meet with the DI and Grad Program directors to review how DI related competencies may have been met or need planned to occur during the internship if accepted. The program offers a preadmission application process to Winthrop and Clemson DPD students. This requires meeting directly with the DI director in August or early Sept to

OTHER IMPORTANT PROGRAM INFORMATION:

Our concentration is ambulatory care with extensive opportunities in outpatient nutrition, home based primary care, and telehealth. Each intern completes a Quality Improvement research project. We have partnered with the University of Alabama to offer a combined MS/DI track that will be completed concurrently with the internship. The stand alone DI requires a MS for admission.

OTHER IMPORTANT PROGRAM INFORMATION:

NHC offers interns 1000+ hours of diversified supervised practice experience in 10+ sites in the greater Nashville area, including a level I trauma hospital, dialysis clinics, long term care centers, and various community settings. Students who do not have a master's degree prior to starting the internship will obtain a master's degree through Middle TN State University's online, Master of Professional Studies w/a concentration in Leadership in Nutrition. The MPS degree is a 30 credit, fully online program. Interns get 6 free credits for the internship hours, therefore they are only required to take 8 classes (24 hours). The program may be completed in 12-15 months. Interns must live in middle TN from August to May while completing their supervised practice rotations. Out of state students pay in-state tuition rates for the fall and spring semesters and an e-rate for the 1-2 summer semesters. Students who already have a master's degree prior to starting the internship can apply to complete the 9 month internship only, and are not required to complete the MPS-LIN program.

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

All interns must complete a pre-internship preparation phase from September through early January. The internship supervised practice occurs January through July. We are currently accepting applications for our 2026 class (preparation would begin in September of 2025 and rotations begin in January 2026).

Applicants must either have a graduate degree or only 1 or 2 classes remaining and on track to complete the degree by the end of the internship.

If not already a Texas WIC employee, applicants must secure a job position in Texas WIC and sign a contract to continue working for Texas WIC for a certain amount of time after passing the RD exam. Assistance with securing a job in Texas WIC will be provided.

OTHER IMPORTANT PROGRAM INFORMATION:

This Integrated Program combines BS, MS and Supervised Practice. The SP is one year in length and the MS is also one year. If students find nutritional sciences in their first semesters, the program can be completed in as little as 5 years. If students start nutrition studies a bit later, it may take more time to complete the entire program. Students apply for the program in the fall semester.

OTHER IMPORTANT PROGRAM INFORMATION:

Lamar University (LU) offers an 12-month Dietetic Internship with a MS in Nutrition Degree Program for up to 10 highly qualified college graduates. Applicants who apply to the program must provide documentation of an intent to complete a DPD or have received a DPD verification statement plus at least a BS degree graduation before the program start date in August. The Lamar University Dietetic Internship Program offers an online Master of Science in Nutrition dietetic internship concentration with an emphasis in Nutrition Education and Counseling. The program requires all students who do not have a Master's degree to complete 30 hours of graduate credit which includes the courses specific to the dietetic internship. Students who have completed a Master's degree must complete 9 hours (1 course in the Fall, 1 course in the Spring, and 1 in the Summer) which are specific to the DI program. Students who are not full-time status due to having already completed a Master's degree should first determine financial aid eligibility options before applying. Dietetic interns will receive the DI verification statement upon completing all requirements for the DI program. This includes

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

Applicants are expected to travel to various rotations sites and must have reliable means of transportation. Travel time may be as much as 1 hour one way. Dependable car and gas are necessary.

The MCN Program curriculum includes 12-13 credit hours per semester the first 2 semesters of the program and 3-6 hours in summer school. The second year includes the supervised practice with less credit hours. It should be noted the tuition and fees will be higher the first year of the program.

Texas A&M does not require the COVID-19 vaccination; however, clinical rotation do require the vaccine. Failure to be fully vaccinated will prevent the intern from completing the supervised practice.

ESTIMATED COST OF LIVING:

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

Our science-based program offers the academic, research and clinical challenges of an outstanding medical center in which students interact with peers training to be health professionals to provide optimum patient care. DPD graduates, non-nutrition majors, career changers, and International students welcome. We seek engaged, energetic, and enthusiastic learners who strive for mastery, excellence, and a desire to excel as an expert in the field.

ESTIMATED COST OF LIVING:

OTHER IMPORTANT PROGRAM INFORMATION:

The program culminates with a graduate degree. Interns may choose MS in Nutrition or MS in Exercise and Sports Nutrition (dietetics track for each recommended). Most courses are In-person; some online courses available. Students choose bonus/specialty rotations according to interest. Program housed in Dallas-Fort Worth area with multiple training facilities and seasoned RDNs who enjoy working with students. Out-of-state students pay in-state tuition rates with university-granted scholarship.

ESTIMATED COST OF LIVING:

OTHER IMPORTANT PROGRAM INFORMATION:

The US Army Master's Program of Nutrition is a joint program with the MS issued by Baylor University. All applicants must submit an application through DICAS in the FALL cycle (due mid-October) and work with an Army healthcare recruiter to complete the application process. The Baylor University application is completed at no cost after acceptance to the program. All selected applicants are commissioned as officers in the US Army and must complete 4 years of service following completion of the 2 year program, for a total time commitment of 6 years. Graduate coursework is completed at Fort Sam Houston, in San Antonio, TX. experiential learning opportunities will occur at various sites in San Antonio, TX and at one of multiple other sites Bethesda, MD, Tacoma, WA, or Fort Bragg, NC during an 8 week temporary assignment.

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

Applications are accepted each spring and are due February 1. Decisions are made prior to April 1 for August start. A 3.0

The program is a 5-year Combined BS/MS in Dietetics. Students are admitted into the program, generally beginning in their junior year. This combined program offers students the unique opportunity to complete the required coursework, graduate degree, and supervised practice hours necessary to meet the Core Knowledge and Competencies for the Registered Dietitian Nutritionist as mandated by the Accreditation Council for Education in Nutrition and Dietetic (ACEND) in five years.

OTHER IMPORTANT PROGRAM INFORMATION:

Our program is a cost-effective way to complete the MS and DI quickly (August 2025-December 2026). We are strongest in clinical specialties and research, and the program director provides a personalized rotation schedule for each student based on their rotation interests. In an exit survey 94% of graduates agreed that they got to rotate at some of their top rotation choices. All of our classes are specifically designed for the MS/DI students, so you will only be in the same class with other students who have a strong background in nutrition. All of our primary teaching faculty are experienced registered & licensed dietitians. Degree Plan and Specific SITE ROTATION OPTIONS: <https://www.utmb.edu/shp/nshb/msdi/curriculum>
Application and Admissions: <https://www.utmb.edu/shp/nshb/msdi/admissions>

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

OTHER IMPORTANT PROGRAM INFORMATION:

Each year, the program obtains feedback from interns and preceptors. We use this information to improve the program. Therefore, it is likely there will be changes from year to year. The number of clock hours in each practice area, locations of rotation sites, and the stipend amount are all examples of things which can change. The number of interns accepted are also subject to change and this is based on available resources and funding. Please, visit the MEDVAMC website for the most up to date information. Three open houses are hosted each year. Both in person and virtual. In person appointments and tours area available by request.

ESTIMATED COST OF LIVING:

Stipends ☒ Monetary ☐ Tuition Waiver ☐ Assistantship ☐ Fee Waiver ☒ Parking ☐ Other Stipend
☒ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☒ Available to all ☒ Available to all

OTHER IMPORTANT PROGRAM INFORMATION:

The UTHealth School of Public Health Dietetic Internship Program has been a leader in preventive health in nutrition by creating a state of the art healthcare and education practice. Students are prepared to educate communities, families, and individuals. We have enhanced facilities and collaborative opportunities within the Texas Medical Center and within UTHealth Schools. Dietetic interns benefit from experiences that enrich their academic curriculum. The addition of a demonstration teaching kitchen, MNT simulation lab, and holistic garden provides our students with hands-on experience and enables faculty to develop cutting-edge curricula that augments the existing program.

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

ESTIMATED COST OF LIVING:

Stipends ☐ Monetary ☐ Tuition Waiver ☐ Assistantship ☐ Fee Waiver ☐ Parking ☐ Other Stipend
☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all

If checked, stipend is available to all students without restrictions; however, this does not guarantee a student will be awarded a stipend even if a stipend is available the student is eligible. Any eligibility restrictions are explained below.

Stipend Restrictions:

Percentage of students/interns awarded stipend (5 year average):

Estimated Stipend Value: Year one: \$ Year two: \$

OTHER IMPORTANT PROGRAM INFORMATION:

Interns complete their supervised practice along with 2 required graduate classes. They can also enroll in other graduate classes before or along with their internship. Most finish their Master's degree at the same time as rotations are completed or within 6 months.

Each intern is awarded a \$1000 scholarship in the fall of their internship. We also provide a 3-month membership to RD Boot Camp for each intern for the last 3 months of their internship as they begin to prepare for the RD exam.

We have 4 rotation sites to rank: Lubbock, Amarillo, Midland/Odessa and San Angelo. Interns will live at the site where they are matched through DND Digital.

Other: Host internship site in Corrections Hospital						

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

Other: Host internship site in Corrections Hospital

OTHER IMPORTANT PROGRAM INFORMATION:

Interns must be enrolled in an advanced degree program and complete at least 6 hours of a degree plan prior to beginning practice experience. Students must be able to confirm advanced degree enrollment in one of our affiliate universities or another university degree program. A 32 hour week is provided to help interns complete advanced degree while completing practice hours. Interns who already hold an advanced degree may complete the program quicker with a 5 day practice week. Sites and preceptors are pre-selected by the program. Students are not responsible for finding preceptors! Selection sheet for sites and video interview must be submitted with application.

ESTIMATED COST OF LIVING:

Stipends ☐ Monetary ☐ Tuition Waiver ☐ Assistantship ☐ Fee Waiver ☐ Parking ☐ Other Stipend
☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all

If checked, stipend is available to all students without restrictions; however, this does not guarantee a student will be awarded a stipend even if a stipend is available the student is eligible. Any eligibility restrictions are explained below.

Stipend Restrictions:

Percentage of students/interns awarded stipend (5 year average):

Estimated Stipend Value: Year one: \$ Year two: \$

OTHER IMPORTANT PROGRAM INFORMATION:

Applicants must have completed or be in the process of completing BYU's Didactic Program in Dietetics
 Applicants must complete and maintain a valid ecclesiastical endorsement (a religious recommendation by clergy) in order to be enrolled at the university. Continuing and currently enrolled BYU students applying for graduate school must also obtain a new endorsement. The university expects that all students, regardless of religion, will maintain the behavioral standards of the school, including the Honor Code.

Other: Wide variety of experiences available according to interns' learning needs & interests.						

OTHER IMPORTANT PROGRAM INFORMATION:

The VT internship is based primary in two locations - Washington, DC metro area and Blacksburg/Roanoke - with additional opportunities in other areas (Abingdon, Charlottesville, Martinsburg WV, Richmond, Williamsburg, Winchester). Weekly class meetings alternate between virtual and on-campus. On-campus class meetings are held on VT's Blacksburg and Alexandria campuses; interns attend at the location nearest to them. Rotations are scheduled based on interns' learning needs, professional goals, and geographical location. Interns who already have a graduate degree or are close to finishing one can complete our internship in less than 9 months. We offer an optional Virginia Tech M.S. degree for interns who do not yet have a graduate degree, which can be completed in 15 months simultaneously with the internship. Eligible applicants are encouraged to apply during our fall selection process for early enrollment (application due date: October 15). This option is available to those who want to complete our partner Virginia Tech M.S. degree and can begin online classes in January 2025. (Must have a bachelor's degree by Dec 2025 or be a Virginia Tech senior DPD student to be

OTHER IMPORTANT PROGRAM INFORMATION:

Program features a core of 70+ RDNs at UVA Health System; most serve as preceptors in a variety of specialty areas. UVA Health offers unique opportunities to learn about nutrition support and specialty pediatrics. Interns train at multiple state-of-the-art medical facilities, including the UVA Medical Center, Emily Couric Clinical Cancer Center, and the UVA Children's Hospital, known as the Battle Building. Management and community rotations with experienced preceptors round out the internship experience. In addition to rotations, interns complete a clinical project, four community events, a class day presentation, and participate in professional conferences & events. Please review our website for more information and specific admission requirements.

<input checked="" type="checkbox"/> Non-Profits						

Other: Metabolic Disorders, Lactation

OTHER IMPORTANT PROGRAM INFORMATION:

VCU Health System cannot sponsor student visas. Master's degree only required if applying for DI Only track. Master's degree may be in-process but must be completed prior to or near the end of internship experience. MS-DI track interns complete their degree from the University of Wisconsin-Madison virtually during year 1, then onsite for supervised practice. Interns also select 4 weeks of electives to explore an area of interest. Other program activities include class presentations, community service events, local dietetics association events (free), and internship leadership and mentoring roles. To learn more, visit our website/Facebook page.

<input checked="" type="checkbox"/> Non-Profits						
Other: Self-design SPE students may select other sites w Director.						

OTHER IMPORTANT PROGRAM INFORMATION:

All coursework can be completed online, and the UVM MSD program offers options for completing the supervised practice experience (SPE) in Vermont or other locations across the country (USA) through our university-designed and self-designed SPE options.

All admitted students must attend a one-week, in-person orientation with their cohort at the University of Vermont before their first semester begins.

Please note: This program is fully online, and nonimmigrant F-1 and M-1 students could be prevented from participating in this program due to US Homeland Security provisions.

Student Interns are expected to complete and pass criminal background checks/other background checks required by rotation sites; we use an external compliance tracking company for these checks.

ESTIMATED COST OF LIVING:

Stipends	<input type="checkbox"/> Monetary	<input checked="" type="checkbox"/> Tuition Waiver	<input checked="" type="checkbox"/> Assistantship	<input type="checkbox"/> Fee Waiver	<input type="checkbox"/> Parking	<input checked="" type="checkbox"/> Other Stipend
	<input checked="" type="checkbox"/> Available to all	<input type="checkbox"/> Available to all	<input checked="" type="checkbox"/> Available to all	<input type="checkbox"/> Available to all	<input checked="" type="checkbox"/> Available to all	<input checked="" type="checkbox"/> Available to all

If checked, stipend is available to all students without restrictions; however, this does not guarantee a student will be awarded a stipend even if a stipend is available the student is eligible. Any eligibility restrictions are explained below.

Stipend Restrictions:

Percentage of students/interns awarded stipend (5 year average):

OTHER IMPORTANT PROGRAM INFORMATION:

Each intern receives a schedule that is customized to their career goals and interests. About 60% of rotation weeks are "core rotations" that provide the broad set of experiences necessary for success as an entry-level dietitian nutritionist (RDN). The remaining 40% of rotation weeks are dedicated to rotations that develop the specific career goals and interests of the intern. Our extensive portfolio of local, regional, and national rotation sites allows interns to focus on inpatient or outpatient clinical work, private practice, community work, or food service career paths.

OTHER IMPORTANT PROGRAM INFORMATION:

Our program is dedicated to training students, including those who speak Spanish or other languages, to become Registered Dietitians. We focus on preparing them for employment at Sea Mar Community Health Centers or other community health clinics serving underserved and minority populations. While we prioritize bilingual candidates, we welcome all qualified applicants. A Master's degree is required before the start of the internship.

OTHER IMPORTANT PROGRAM INFORMATION:

The SPU Nutrition and Dietetics Internship program is approved by ACEND for option #4: student-identified graduate degree. Dietetic interns can be concurrently enrolled in any online accredited graduate degree program that is offered online and does not conflict with supervised practice rotations (i.e., generally between 8:00 a.m. – 5:00 p.m.), or the program's seminar class, which is held on Wednesdays from 3:00-5:00 p.m.

☐ Hospitality ☐ Dental ☒ Corporate Wellness ☐ Rural Health ☒ Community Agriculture/Urban Gardening ☐ Information Systems

☒ Independent Study ☒ Sales and Marketing ☒ Renal ☐ Culinary ☒ Sports Nutrition ☒ Research ☐ Advanced Practice

☒ Program Planning ☒ Public Health ☒ Pediatrics ☒ Eating Disorders ☒ Underserved ☒ Diabetes ☒ Media/Communication

☐ Neonatal ☒ Leadership ☐ Indian Health ☐ Military Skills ☐ Surgery ☐ Private Practice/Entrepreneur ☐ Retail ☐ Non-Profits

Other:

OTHER IMPORTANT PROGRAM INFORMATION:

We offer a Masters of Public Health in Nutrition (MPH- Nutrition) and a Masters of Science in Nutrition (MS-Nutrition) along with the Graduate Coordinated Program in Dietetics (GCPD). The GCPD plus the MS/MPH degree provides interdisciplinary graduate level training in nutritional sciences and the supervised practice (internship) necessary to sit for the RDN exam. Applicants apply to the Nutritional Sciences Program for the degree, and to the dietetics program (GCPD) for the coursework and supervised practice. The UW School of Public Health is a Council on Education for Public Health (CEPH)-accredited program of public health. A research-based master's (MS/MPH) thesis or capstone is required. After completing this program and passing the national exam, students have either the MPH RD or MS RD credentials, respectively. See website for tuition costs by degree.

ESTIMATED COST OF LIVING:

Stipends ☐ Monetary ☐ Tuition Waiver ☒ Assistantship ☐ Fee Waiver ☐ Parking ☐ Other Stipend
☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all ☐ Available to all

If checked, stipend is available to all students without restrictions; however, this does not guarantee a student will be awarded a stipend even if a stipend is available the student is eligible. Any eligibility restrictions are explained below.

OTHER IMPORTANT PROGRAM INFORMATION:

Students must also apply to the ONLINE UW-Madison M.S. in Clinical Nutrition Program. If a student has already earned a graduate degree, they may apply to the ONLINE UW-Madison Capstone Certificate in Clinical Nutrition. Our program allows students to complete up to 14 weeks of pediatric-related rotations if the student expresses interest in this population.
